*Lay down 3.25" x 4.5" Base vinyl face up. Tape well.

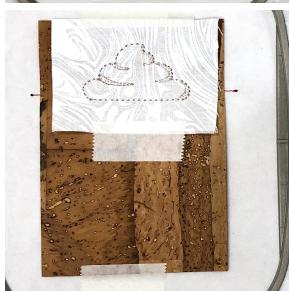

*Run step 2 stitch, placement stitch for the whip cream.

*Lay down whip cream fabric, and tape well.

*Run step 3, the shading for the whip cream. I know it seems out of order but wanted the shading to be covered by the tackdown stitch which goes next.

*Run Step 4 the Tackdown for the whip cream. Trim around edges of raw appliqué.

*Run Step 5, placement for Red cup.

*Lay down red cup fabric, and tape well.

*Run Step 6 to tackdown. Trim away fabric.

*Run step 7, placement for the black part of the belt.

*Lay down black belt fabric, tape well.

*Run Step 8 tackdown and trim fabric.

*Run step 9, Buttons

*Run Step 10 placement for gold part of buckle.

*Lay down gold fabric, tape well. Run Step 11, tackdown for gold part of buckle. You will need to trim carefully the inside and outside of the buckle. Do not accidentally snip the black fabric underneath.

***TIP: If you punch a hole in the center of the gold scrap before running the tackdown it helps get your scissors to the inside of the buckle area without poking your bottom black fabric.

***Run step 12, eyelet placement.

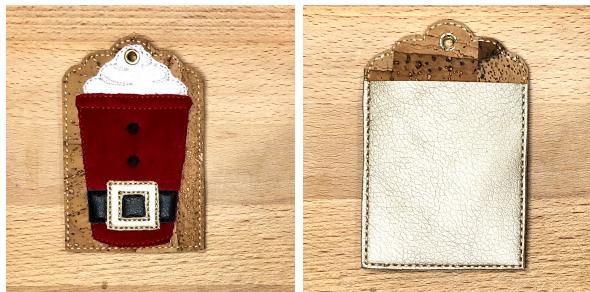

***Turn hoop over, tape 3.25" x 4.5" back piece down well.

*Then tape down the 3.25" x 3.25" pocket piece on top of the one you just taped down lining up with the guidelines you stitched in step 1.
